

# Affordable & Convenient Podcasting

## WHAT TO EXPECT

We are dedicated to making your podcast experience as streamlined and simple as possible.

Once you arrive, we will give you a tour of the studio, which includes two recording spaces - one purely audio and another with a television for video podcasting.

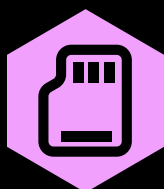

We will get you situated in your preferred studio space and begin the recording, it is as easy as that!

You will always immediately have access to your raw recording (on your MicroSD card). Editing (both audio and video) is available for an additional charge.

## PODCAST TIPS:

- Plan your content
- Speak slowly and clearly
- Stay content forward
- Be yourself
- Post episodes consistently

## WHAT TO BRING:

- Any notes/content to assist in your podcast recording
- A \*MicroSD card\* (to save your recording data)
- Send us your podcast artwork via email if you would like it displayed in the background of your video
